Anticipation

We end the school year with *anticipation* as we look forward to the summer and the next phase of our life after graduation. Many of us will begin new levels of learning and experience through internships or volunteer service to the poor. We especially anticipate the challenges our students will face in our mission trips to Belize, Honduras, Jamaica and Tanzania. Graduating seniors look forward to a new job, graduate school, or perhaps are looking for the best place to actualize their potential. We all everyone our encouragement and support and we look forward August when many of you return to campus for the 08-09 academic year.

This week, students anticipate the end of finals and going home, to reconnect with friends and family. No matter what your plans are for the summer, remember to include spiritual goals to deepen your faith and grow in love for Christ. Never leave Christ or your faith behind at Catholic, nor take for granted the great blessings we have received this year through the Opus Prize, the Pope's Visit, and through your personal accomplishments. Finally, remember you are always part of the CUA family and we wish you a happy and fulfilling summer.

In anticipation of Pentecost next Sunday, join us in prayer and ask God for the gifts of the Holy Spirit to renew us all with His love.

Invocation to the Holy Spirit

*Come, Holy Spirit, fill the hearts of your faithful
and kindle in them the fire of your love.
Send forth your Spirit and they shall be created,
and you will renew the face of the earth.*

*Lord, by the light of the Holy Spirit you have taught the hearts of your faithful.
In the same Spirit help us to relish what is right and always rejoice in his consolation.
We ask this through Christ our Lord. Amen*

Have a Blessed Birthday!

The list of students with birthdays this week can be found in the printed bulletin.

Pax Christi Corner

A student perspective from Pax Christi

By treasurer Chris Needham

Recently I have been thinking a great deal about my rapidly approaching graduation and my four years at The Catholic University of America. One of the things I remember most clearly about my early time here was how friendly everyone seemed compared to where I grew up. I was amazed at how people here were naturally kind and giving. There were so many opportunities for service in the community, and people went around holding doors and helping others.

I suppose this is one of the best lessons that I can take away from my time here: kindness and service can easily be a way of life, not just something you do once in a while. Pax Christi has taught me that peace, as well, can be a way of life. Without learning these two lessons, I suspect I would not be the person I am today. Thus, to those graduating with me, I urge you to remember this lesson and carry it with you. To those still here, utilize those opportunities for peace and service. They will change you. We have finished meeting for the year, however we would love to see you in the fall. Check out our website: studentorg.cua.edu/paxchristi
